

## SWISS WRINKLE RELAXER

### The Latest Innovation from IMAGO®

Latest scientific research in skincare shows that skin becomes thinner and dryer with age due to declining hormone activity. The skin loses its elasticity and its tone as a result of the hormonal changes. Consequently, the skin becomes increasingly dry, expression lines and wrinkles develop.

Experience now the most advanced technology available for a targeted fighting of facial lines and wrinkles. The innovative products SWISS WRINKLE RELAXER by IMAGO have been developed for the special needs of the most demanding and delicate skin types.

The luxurious formulas of both new products contain a balanced selection of active anti-aging ingredients of proven efficacy that possess excellent skincare benefits.

### Perfect Formulations – for Extraordinary Beauty.

These high-quality wrinkle treatments give the mature and fragile skin its radiant freshness and firmness back.

- Relax the facial micro-tension, thereby visibly reducing the appearance of wrinkles and fine lines.
- Increase and improve skin density and pleasantly firm the facial contours.
- Stimulate and support the natural skin repair mechanisms.
- Strengthen the skin's resistance against stress and aggressive environmental substances.

### Selected Ingredients Pamper Your Skin on a Highest Level.

This exclusive skincare program of IMAGO is based upon state-of-the-art Swiss research in cosmetology.

Making use of the latest knowledge in skin cell functions and anti-aging biotechnology it nourishes your skin leaving it supple, smooth and moist. You will soon notice the positive reaction of your skin to the tested active substances and their effectiveness in helping to diminish the appearance of wrinkles and fine lines.

Reconstructing rich isoflavones from the Iris florentina synergistically are applied together with the revolutionary amino-peptide-complex Argireline® from the newest anti-age peptide technology. A combination of pure, microencapsulated vitamin C and chondrus crispus – the natural extracts of the red sea algae – stimulates and increases the collagen synthesis, resulting in a youthful glowing skin.

### SWISS WRINKLE RELAXER – A NEW BASIC ESSENTIAL BY IMAGO.

## WRINKLE REDUCING

**New.**

### **SWISS WRINKLE RELAXER CREME**

**50 ml**

The velvety SWISS WRINKLE RELAXER CREME is especially rich in powerful anti-aging benefits and moisturizing agents. A host of precious ingredients promote the extra power that a demanding skin needs. Can also help to prevent future wrinkles by intensively protecting your skin from pollution and dryness.

This luxurious formula contains natural isoflavones of Iris florentina known to improve density and structure of the skin, and works synergistically with the powerful amino-peptide-complex Argireline®. Fine lines and wrinkles are visibly reduced and your skin looks youthful radiant. A potent amount of pure vitamin C and a blend of soft wild rose oil leave your skin with new freshness and revitalize your complexion. The high-tech-formula unfolds its full potential of vital components and pampers your skin with its extreme sensual, fine texture.

SWISS WRINKLE RELAXER CREME penetrates the skin quickly and provides it with a most pleasant, invisible film. Your skin now is perfectly moisturized and protected, in an optimal way, against aggressive environmental influences.

**HOW TO USE:** In the morning, apply a small amount to the fingertips. In gentle movements, you smooth SWISS WRINKLE RELAXER CREME over face and throat. Gently tap the CREME on the critical face areas with wrinkles (forehead, around the eyes, nasolabial folds, fine lip lines, corners of the mouth).

For best results: complete your daily skincare routine with SWISS WRINKLE RELAXER ELIXIR.

### SWISS WRINKLE RELAXER ELIXIR

30 ml

The rich, silky textured SWISS WRINKLE RELAXER ELIXIR provides the special power kick to the fragile, mature, skin.

A most potent blend of first class active ingredients reduces wrinkles visibly and almost instantly. It helps to diminish signs of aging and to restore your complexion thereby giving your skin the appearance of youth.

This skin-repairing formula combines reconstructing isoflavones of Iris florentina with patented, most powerful amino-peptide-complex Argireline<sup>®</sup>, natural ingredients like microencapsulated vitamin C and energizing extracts of the red sea algae extracts. A compound of the most effective ingredients in the field of skin repair and the fight against the unnatural signs of aging. They stimulate the skin and give its needed moisture while helping to prevent premature aging and providing the stressed skin with its "anti-fatigue-effect". Exclusively formulated with the most powerful biotechnological hyaluronic acid. This super-hydrator restores an ideal balanced and long-lasting skin moisture to help increase the skin's elasticity. Fatigued skin regains its youthful appearance and new vigour. Your precious skin regains its youthful radiance.

**HOW TO USE:** For optimal results, smooth a thin layer of SWISS WRINKLE RELAXER ELIXIR directly over cleansed face and throat. In particular, you apply the highly concentrated, silky ELIXIR on the critical face areas with wrinkles (forehead, around the eyes, nasolabial folds, fine lip lines, corners of the mouth). Gently smooth the gel in soft pressure motions.

IMAGO recommends: To re-inforce the effectiveness of your personal skincare program THE CYCLES also use SWISS WRINKLE RELAXER ELIXIR in the evening, after the application of your specific skin serum capsule. When the concentrate SWISS WRINKLE RELAXER ELIXIR is fully absorbed by the skin, you can apply your usual IMAGO night care. For the highest effect and as an intensive care you complete your daily morning care by SWISS WRINKLE RELAXER CREME.
